

ARDEX A 48

RAPID-SETTING SCREED MIX

ARDEX A 48 is a rapid set cement screed preparation that has been designed for all types of floor coverings and is especially effective when installing moisture sensitive coverings. As well as having a rapid cure time, ARDEX A 48 is pre-mixed with aggregate for simple, fast installation, and allows floor coverings to be installed quicker than regular screeds.

- Fast setting
- Premixed cement and aggregate for simple onsite application
- Shrinkage and tension free
- Suitable for bonded and unbonded applications
- Suitable as a floating or heated screed
