

ARDEX K 900 BF

PUMPABLE BULK-FILL LEVELLING COMPOUND

ARDEX K 900 BF is a cement based underlayment for levelling subfloors prior to the application of a floor finish. Designed with a coarse sand aggregate and minimal flow for the easy and efficient installations of thick layers. It can also be used as a fast set mortar when the water mixing ratio is reduced.

- Economical
- Ideal for levelling 3 - 90mm thick
- Can be pumped using a suitable Automatic Mixing Pump
- Suitable for heavy traffic
- Easy to install
- Engineered for controlled flow
- Low odour

Coverage

- A 20kg bag will cover approx. 1m² at 10mm thickness

Packaging

20kg bag

Code

10237

Location

- Internal

Set times

- Working time: 10 minutes
- Trafficable: 4 hours
