

BPIR Declaration - Maxisil N Natural stone silicone sealant

Version: 1 11.10.2023

Designated building product: Class 1

Declaration

Gilt Edge Industries has provided this declaration to satisfy the provisions of Schedule 1(d) of the Building (Building Product Information Requirements) Regulations 2022.

Product/system

Name	Maxisil N Natural stone silicone sealant
Line	
Identifier	Maxisil Silicone sealant N

Description

Silicone sealant used natural stone, incidental water contact and outside applications.

Scope of use

Expansion joints in ceramic and stone tile installations.

Conditions of use

All surfaces should be cleaned, free of any contaminants including previous silicone sealants using a cleaner that is acetone based or similar. The use of methylated spirits or mineral turpentine is not recommended. Please thoroughly read product technical and material safety data sheet prior to use, including detailed section regarding working temperatures and curing times.

Relevant building code clauses

Contributions to compliance

Building regulations 1992, ClauseB2 Durability, 2.3.1(c) Maxisil Silicone sealant, with only normal maintenance

First party self-assessment generated Oct 31, 2023 with BPIR Ready.
