

FLOOR PREPARATION SOLUTIONS

DIAMOND TOOLS, DUST AND SLURRY SOLUTIONS AND FLOOR GRINDERS FOR YOUR FLOOR PREPARATION REQUIREMENTS.

FLOOR PREPARATION SOLUTIONS

DIAMOND TOOLS, DUST AND SLURRY SOLUTIONS AND FLOOR GRINDERS FOR YOUR FLOOR PREPARATION REQUIREMENTS.

Prep Cup wheels.

VELOCITY - Premium ★★★.

- Designed as a first grind / concrete aggregate exposure cup
- Also suitable to grind thin and thick coating as well as paint and glue
- Very fast and aggressive due to arrow shaped segments that plough into the surface
- Further assisted by a special soft bond containing #25 diamonds, the same tried and tested XU2 segments as on our XU2 metal bond grinding shoes

Prep

Product Description

HODGC0180-066 **\$177.06**

MONSTA - Premium ★★★.

- The original classic prep cup, invented and manufactured in NZ by Holer
- Specifically designed as an all-round floor prep cup for concrete, tile screed and soft stone such as Oamaru, Hinuera and Timaru
- WM shape segments for extra cooling and high performance and stock removal
- HM3 diamond segment, the same as on our metal bond grinding shoes

Prep

TURBO Spiral - Basic ★ and Premium ★★★.

Grind

- Designed for fast and effective grinding of concrete, thin coatings, paint and glue, floor prepping and high spots, TURBO Spiral Premium is also suitable for stone
- While being aggressive, the cup still produces a relative smooth finish with next to no swirl marks
- Choose from two different diamond grits (#25 or #40) and price points

Product Description	Product Code
 <p>Basic★</p> <p>175 mm Gold #25 TS★</p>	<p>HODGC0180-020 \$109.00</p>

Metal Bond Grinding Shoe.

XU - Metal bond for Xtreme Ultra hard concrete.

In general, this is the most aggressive bond option and all grits are designed for speed and effectiveness. MOHS 8-9

Bond	Colour	Grit	Segments	Holer FastFix	
XU2	Gold	#25	1	HODGSFF-0020-S	\$34.51 per shoe
XU2	Gold	#25	2	HODGSFF-0020-D	\$45.65 per shoe

UH - Metal bond for Ultra-Hard aggregate and surfaces.

Our second most aggressive bond option and a generally popular spec for most applications. MOHS 7-8

Bond	Colour	Grit	Segments	Holer FastFix	
UH2	Gold	#25	1	HODGSFF-WMGH5-SS	\$34.51 per shoe
UH2	Gold	#25	2	HODGSFF-WMGH5-DS	\$45.65 per shoe

HM - Metal bond for Hard to Medium concrete and surfaces.

For general grinding and a popular option especially for single head grinders. MOHS 5-7

Bond	Colour	Grit	Segments	Holer FastFix	
HM3	Grey	#40	2	HODGSFF-WMGH3-DS	\$45.65 per shoe

Holer Fast Fix Shoe Woody For Timber Surfaces

Holer Fast Fix Shoe Woody Gold #30	HODGSFF-WOQD-SL30	\$54.57 per shoe
Holer Fast Fix Shoe Woody Grey #50	HODGSFF-WOOD-SL50	\$54.57 per shoe

Raptor PCD Series - Premium ★★★

PCD stands for PolyCrystalline Diamond and is designed for the removal of thick coatings such as epoxy, acrylic, paint, residues of glue or screed and fibreglass. Depending on the thickness of the coating, we recommend either the more aggressive single PCD for coatings greater than 3 mm and the less aggressive double PCD for coatings 1-3 mm.

Bond Colour Direction*	Segments	Holer FastFix	
PCD Orange A	1	HODGSFF-PCD-005	\$116.93 per shoe

Always check the grinder machine disc rotation matches the shoe direction indicator. For four head machines use half a set of Anti-clock and half a set of Clock shoes.

Angle Grinder.

Makita Grinder 9" GA9040S

- Powerful 2,400W, 6,600rpm, 5.5 kg
- Operator comfort and control through low vibration rear handle, rubberised soft-grip and soft-start
- Superior anti-dust and labyrinthal bearing-protective construction
- Quality machined bevel gears
- Increased heat resistance with increased varnish to windings

HOMPT-MAK-9040S

Dust Extractors.

S9A

Portable and lightweight vacuum cleaner for liquids and dry fine dust with 2 HEPA filters
 Filters feature the innovative auto-cleaning technology with auto clean of filters every 15 seconds. This saves manual cleaning time and enables real 24 h non-stop working.
 38 l injection molding tank provides big storage capacity
 Power socket for small power tool use activates automatically on start/shut-down of the vacuum cleaner
 Suction power control for adapted suction performance and automatic trailing mechanism for emptying the suction hose completely
 Cable wrap for convenient cord storage as well as practical accessory case and storage area

HOMVC-HOL-003

\$1295.00

S10

The Holer S10 is a small and compact dust extractor with one motor and HEPA filter. Ideal for hand-held grinding, workshop and general clean-up. Dust is collected in the drum and can be contained with the optional disposable bag.

Dust Extractors.

Makita VC4210M

- Dust class M: removes 99.9% of dust with Occupational Exposure Limit Value of $>0.1\text{mg}/\text{m}^3$
- Flow Rate Sensor: LED flashes and audible warning sounds when air speed in suction hose drops below 20m/s
- Automatic Filter Cleaning: system re-directs air through filter for optimum performance
- PTFE Filter: highly efficient filtration material, washable & non-stick
- Cap - blocks dust from escaping if hose is removed for transport

HOMVC-OEM-VC4210M

\$1664.92

Wale Tale | Dust Containment System

Designed to eliminate hazardous dust when mixing mortars, adhesives, and grout in standard buckets. Simply connect the Wale Tale Dust Containment attachment to your mixing bucket and connect it to your H class dry dust extractor, the Wale Tale shape draws all dusts from the bucket. Cut down on clean up time and mix indoors without creating a mess or health hazard.
