EVERY FLOORING INSTALLATION  
DESERVES THE "GILT EDGE" FINISH

# New Contractors & Flooring Apprentices

It is with pleasure Gilt Edge Industries Ltd welcomes you to the Flooring Industry, we wish you all the best as you progress through your career and find the flooring industry to be satisfying and rewarding.

Gilt Edge Industries Ltd have been a longtime supporter of the NZ Flooring Industry and take pride in being involved and supporting the Apprentice Awards each year.

As a trade initiative Gilt Edge wants to support all new contractors and apprentices in acquiring the basic tools they will require as a start-up kit. To make your wages go further when buying tools we have compiled two start-up kits for you, the Basic and the Designer kits to help get you underway.

These tools have been selected from our extensive range of Crain floorcovering tools, as we know quality and reliability are paramount when it comes to buying equipment.

N.B. If you would like to personalise a custom kit to meet your own requirements we can arrange the full Crain Catalogue to be sent to you to select from, or you can select from the online catalogue by visiting [www.craintools.com](http://www.craintools.com). We can then price that for you and you will still receive 15% discount off all the tools selected.

We look forward to being of assistance to you and wish you all the best with your career.

Kind Regards  
The Gilt Edge Industries Team
