

# ON THE FLOOR

## LATEST NEWS - NEW RELEASES - SPECIAL DEALS

JULY - SEPTEMBER 2021

### FROM THE DESK:

Dear Clients,

Welcome to our July – September edition. We're extending our popular S14 Dust Extractor Promotion with more stock having recently landed in NZ together with a new promotion on our Crain 675 Carpet Tile Cutter. Additionally see page 4 for details on our Protecta Board Stock Clearance Promo.

We are currently hand delivering our new Stair Nosing and Floor Trims Wall Posters which detail a number of recently launched trim profiles for commercial and floating floor installations. We hope these will serve as a useful reference guide – please contact your Gilt Edge Sales Representative if you have not received copies yet.

Sourcing innovative new products which are compatible with NZ conditions and installation requirements is something we are constantly looking at. See below details on two quality products from the Uzin stable we have added to our range.

Finally, our next shipment of T Shirts and Caps are due to arrive in September - available in time for summer.

Best regards  
Chris Dickey  
Managing Director

## UZIN® NEW PRODUCT RELEASES

### PE 650

1-Component Flex  
Trowel Applied Primer

#### Description

A very rapid drying, cement based 1-component trowel-applied primer and filler for existing substrates requiring refurbishment or on substrates that have joints. Due to it's 'semi-flexible' properties the primer can accommodate movement in the substrate. Thickness up to 4mm.

#### Uses

Fills, seals, smoothes and primes in one application. Suitable for use on wooden floorboards; dense or low absorbent substrates (eg. ceramics tiles, epoxy coatings); critical substrates requiring refurbishment, on well bonded, waterproof residues of adhesives or compounds.

**CODE: UZPE650 SIZE 16kg**

### NC196 NEW

Fibre-Reinforced  
Smoothing Compound

#### Description

Very low emission, rapid setting, cementitious and fibre reinforced smoothing compound for the thickness range from 3 – 40 mm in interior locations. Suitable for surface smoothing and levelling work. For producing smooth surfaces with good absorbency for floor covering work as well as for the installation of tiling and natural stone. Suitable for plywood and most types of construction board flooring.

#### Uses

Suitable for producing smooth, well-keyed surfaces for textile and resilient floor coverings (requiring a fine smoothing sub-floor finish) such as carpets, PVC or cushioned vinyl, PVC design flooring, linoleum, or rubber coverings.

**CODE: UZNC19620 SIZE 20kg**

## GILTGRIP ECOGLO STAIR NOSINGS

The benefits of Giltgrip Ecoglo ( photoluminescent) Stair Nosings are clear when compared to other alternatives. Giltgrip Ecoglo Stair Nosings are cost effective, sustainable, durable and failsafe.

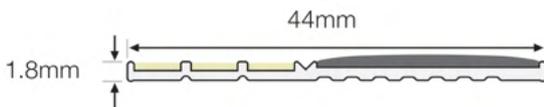

- Utilise ambient light in most cases meaning little or no power usage
- No replacement parts ie no batteries or lamps, so no hazardous waste
- Extremely durable - warranted for 30 years indoors and 15 years outdoors
- Operate instantly each time the power fails

### Available Profiles

### Photoluminescent Step Edge Contrast

The Ecoglo PL Step Edge Contrast is designed to ensure visibility of steps in escape routes to meet NZBC Clause F6 "Visibility in Escape Routes". The Step Edge contrast will be effective in all light conditions including failure of the main lighting.
