

ON THE FLOOR

LATEST NEWS - NEW RELEASES - SPECIAL DEALS

JUNE - AUGUST 2019

FROM THE DESK:

Welcome to our June- August edition of On The Floor.

We are continuing our celebrations of our 50th year in business, and have more giveaways, specials and a number of new products in this edition.

In our last edition we highlighted the opening of our new Palmerston North Depot and ran a Grand Opening Special offer for someone to win a Samsung 55" TV.

Our new Wellington Rep Tony Wicksteed is seen here congratulating the winners - Carpet King Flooring Design - "Well done guys!"

Our current all expenses paid trip to Australia Fly Fishing promotion is continuing on until the end of June so make sure you get into this draw before it closes by purchasing any of our Giltgrip GG22, 44, 66, 88 or Giltgrip 60 adhesives as mentioned below.

In this issue we are highlighting the new Uzin KE68 single component hybrid adhesive and the latest new Bostik Greenforce Two in One Timber Flooring Adhesive and Moisture Vapour Barrier system.

Don't forget to ask your Gilt Edge Sales Consultant for our new 50th Year Anniversary Hi Viz T-shirts and caps as seen on the back page arriving soon!

Hope you enjoy the read.

Best Regards

Gary Clark

3 TRIPS TO BE WON

Every purchase of a drum of Giltgrip 22, 44, 66, 88 or every 5 units of Gilt Grip 60 automatically gives you one entry into the draw to win one of 3 all expenses paid trips to the fantastic Millbrook Lakes. The more you buy the more chances to win!!!

Situated 1 hour from Melbourne amongst stunning scenery, Millbrook Lakes boasts a selection of well stocked lakes with world class guiding for the beginner or expert angler. You'll enjoy sumptuous food, premium beverages and picturesque accommodation for 3 glorious days. Trip departs Auckland 29 October and returns 1st November 2019 and all fishing kit is provided. Full terms and conditions at www.giltedge.co.nz under news tab.

Wet Area and High Heat Solution

UZUN® KE68 Single Component Hybrid Adhesive

Uzin KE68 is a single component high performance 'urethane type' adhesive that is suited to a large range of installations requiring high dimensional stability in extreme conditions such as sun-drenched areas, high point loading and areas requiring water-resistance from the top of the floorcoverings (wet areas/internal).

Applications:

- **Luxury Vinyl Tiles** in all areas including areas subjected to direct sunlight with constant stability available at temperatures NOT exceeding 50deg C.
- For PVC and Composite Vinyl Tiles
- Rubber tiles up to 4.0mm (e.g Norament)
- For granulate recycled rubber flooring systems (Regupol etc)
- Linoleum tiles up to 4.0mm thick.
- Indoor entrance mats subjected high traffic and exposure to water.
- Artificial grass installations and sports flooring.
- For heavy wear commercial and industrial applications.

Key features:

- Single component – Ready to use with no mixing required.
- Solvent free.
- White coloured adhesive.
- Easy to trowel.
- Excellent high temperature stability.
- Very high cured bond strength.

For every 3 drums of KE68 ordered, you receive 1 pair of Uzin work pants FREE!!!
(First 50 orders only)

COMMERCIAL PROJECT HIGHLIGHTS

Service Foods New Distribution Hub near Auckland Airport, Mangere.

Calder Stewart (The head contractor) needed to find a fast and effective way to protect the existing subfloors for food storage and handling for the new distribution hub of Service Foods in Auckland.

Protect Crete X550 Warehouse was the answer.

The Gilt Edge Commercial team assisted Grant Foster of Solid Floors to specify and treat over 4,800m² of the main warehouse chillers and bulk food storage areas.

- The application team applied the Warehouse X550 with a 55 litre electric pump spray cart. This made for very efficient product application.
- The key benefit of using Warehouse X550 is the excellent stain resistance properties achieved by the inherent repel element of the product.
- This product has recently been rebranded as X550 Carpark/Warehouse.
- There are real time / cost benefits for both Carpark and Warehouse applications with this highly effective type of concrete protection system.

PRODUCT DESCRIPTION

X550 WAREHOUSE is a proprietary silicate siliconate water based formulation applied to new and existing concrete giving excellent cure regime, reduced dusting, surface hardener and stain resistance from oils and is compatible with line marking.

Another Commercial project completed utilizing the Gilt Edge Commercial team for advice and application details.
