LATEST NEWS - NEW RELEASES - SPECIAL DEALS

MARCH-MAY 2019

FROM THE DESK: 1969-2019 - 50 Years, Half A Century, The Golden Jubilee.

In 1969, Neil Armstrong walks on the moon, 400,000 people turn up at Woodstock and Gilt Edge started producing "Tackless Gripper" in a small manufacturing base in Christchurch NZ, what a memorable year.

From such humble beginnings finds us 50 years on as one of the leading solution provider and wholesaling distributors in NZ for flooring construction, installation and preparation products.

We've grown to 9 locations nationwide which are all proudly supported by a team of 30 professional and energetic staff.

Over the past 20 years our working Directors Chris Dickey (MD) and Nick Richardson (GM) have together with the support of the GEIL team driven and evolved the business as we see it today. Grant Dickey (Founder) and shareholder still remains active at board level.

We are proudly 100% NZ owned and managed. **What an achievement !!!**

Throughout 2019 we will be celebrating our milestone with you, our valuable customers.

Watch this space for a number of exciting promotions we will be running throughout the year to celebrate this significant event.

Best Regards
Gary Clark
National Sales Manager – Gilt Edge Industries Ltd.

NEW TRADE DEPOT OPENING IN PALMERSTON NORTH!

An exciting year is ahead for us all and as part of this we are pleased to announce that we are opening a new trade depot in Palmerston North on **11th March**, on the corner of Taonui and Wadding Streets at 65A Taonui Street. We look forward to welcoming you all along.

We are pleased to introduce our new Palmerston North Trade Depot Manager - John Biberstein who comes to us with extensive customer service and warehousing skills from previous experience at Micos and Plumbing World.

Pop down and meet John who is looking forward to being of service.

We would also like to take this opportunity to introduce you to our new Lower North Island Sales Consultant – Tony Wicksteed. Tony will also start with us in March and comes to us from Concrete Plus where he has extensive experience servicing the Lower North Island Region for the past 8 years.

We look forward to introducing you to both of the guys at our March opening and Tony will meet the rest of our Lower North Island Region customers as he travels the territory in the coming months.

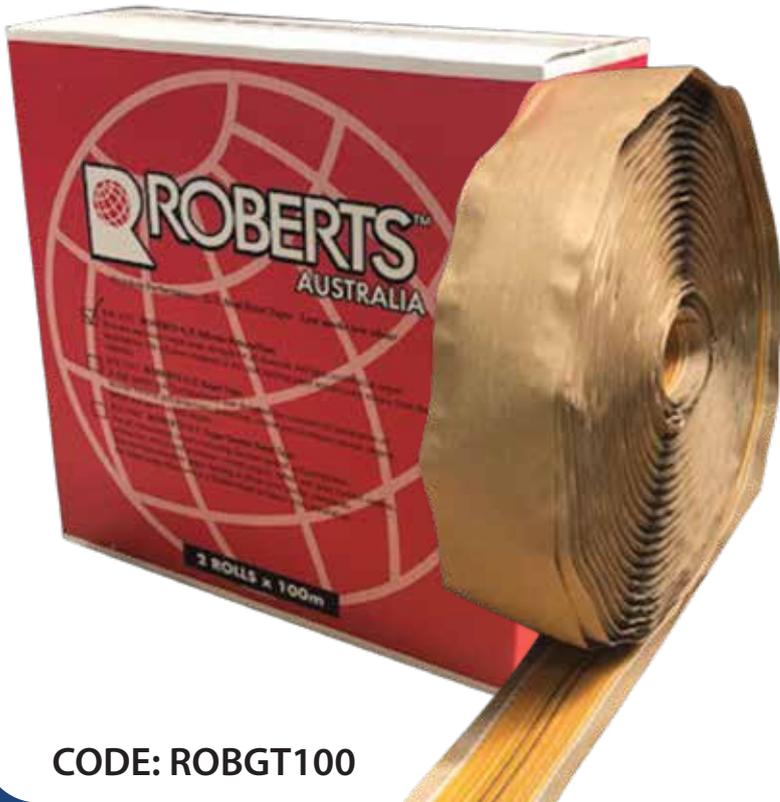

John Biberstein

COMMERCIAL PROJECT HIGHLIGHTS

A Complete Gilt Edge System Specification - NIG Nutritionals Paerata Packing Plant

Recently our Commercial Team formatted a Masterspec Specification for this large scale Industrial refurbishment project, using Gilt Edge Industries sections within the Masterspec Library.

The Gilt Edge Commercial Team worked closely with Carpet Court Pukekohe, and flooring contractor Surfprep, to ensure that the specified Tarkett commercial sheet floor and wall vinyl installation (approximately 1800 m²) would not be compromised. The following **Gilt Edge Seamless Flooring System** was installed, offering a Full System Warranty:

- **Protect Crete Moisture-Fix** was used to both purge the existing concrete subfloor of contaminants, and ensure subfloor RH moisture control.
- Numerous control joints were chased out and filled with a blend of **Gilt Edge Silica Sand** and **UZIN PE460 2-Part Epoxy** to block any possible moisture ingress.
- After the subfloor was ground to remove purge, **UZIN PE280 primer** was roller applied, to ensure an aggressive key for the UZIN Levelling Systems application.
- A 3mm average application of **UZIN NC170 Level Star** self levelling compound was installed over the cured primer to achieve an outstanding finish, and an impressive commercial density of 35 MPa.
- **UZIN KE2000s** single part acrylic adhesive was then used for excellent adhesion results required in the processing plant's heavy contract commercial environment.
- All steel access stairs were primed with **UZIN PE460 Epoxy** and finished with **UZIN NC182** Rapid levelling compound, prior to vinyl installation.
- **Gilt Edge Gradus RP1** stair nosings were then installed for a sound commercial easy to clean solution required by the NIG food processing plant health regulations.

All these products delivered an exceptional result for the client and once again showed the benefit of using a **Gilt Edge Seamless Flooring System** from the start of the project to the end with outstanding results.

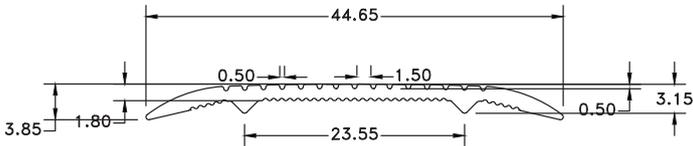

POPULAR CARPET TO CARPET BAR

45mm wide used to cover a wide range of covering problems eg. Worn, cut back carpet, vinyl transitions etc.

NEW DESIGN
