## LATEST NEWS - NEW RELEASES - SPECIAL DEALS

SEPTEMBER - DECEMBER 2019

### FROM THE DESK: Welcome to our September – December edition of On The Floor .

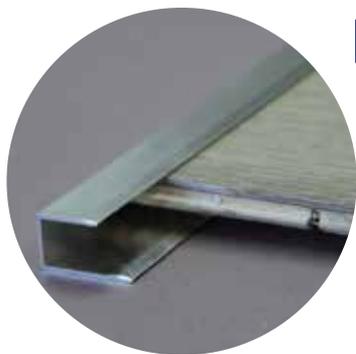

Firstly, congratulations to the following winners of our recent Giltgrip Adhesive Fly Fishing Promotion - Hills Commercial Flooring , Timaru Flooring Xtra and Queenstown Flooring Xtra . We will be travelling to Millbrook Lakes in Victoria , Australia in late October for what should be a fantastic trip . Many thanks to all who participated in what was a very successful promotion .

It's been a busy few months with the August opening of our new Whangarei Trade Depot situated within the Guthrie Bowron Premises , strong business activity throughout New Zealand in addition to Gilt Edge developing some exciting new additions to our product range which are noted on the following pages .

We are pleased to offer KE2000S with an extra 10% coming on stream at all trade depots and encourage all large carpet tile installers to inspect our Crain 675 Carpet Tile Cutter which comes with a not to be repeated Giltgrip 66 PS Adhesive giveaway (details contained within).

Finally, Gary Clark our National Sales Manager finished up with us in August . We thank Gary for his valued contribution over the last two and a half years and wish him well in the future.

Chris Dickey  
Managing Director

Available in Matt Silver, Matt Black and Champagne.

Trim length 2.5metre.

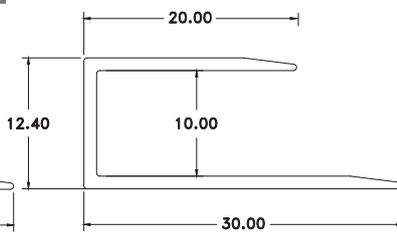

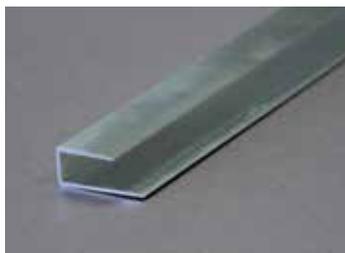

CODE: 61005.5mm

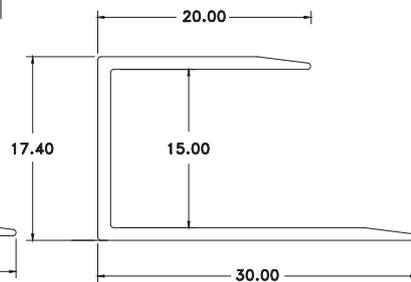

CODE: 61018.0 mm

CODE: 610210.0mm

CODE: 610315.0mm

# THE ONE & ONLY

## KE 2000S WITH 10% EXTRA AT NO EXTRA COST!!

**AVAILABLE  
NOW**

## UZIN SC966 Rapid Screed Pre-mix.

**Pre-mixed rapid screed mortar with very rapid drying ability – interior and exterior**

- Mixes only with water, totally reliable in use.
- Ideal for small areas, no waste material.
- Very rapid setting and drying, saves time. (Can be set for foot traffic in 3 hours)
- Economical 30kg packaging.

**Code:** UZSC96630

### Applications:

- For producing bonded and floating screeds, screeds on separating membranes or heated screeds.
- For producing low-slump repair mortars.
- For screed work under time pressure.
- Used for bulk filling.
- Ideal for economically creating ramps and large falls in concrete substrates.

**AVAILABLE  
NOW**

## COMMERCIAL PROJECT HIGHLIGHTS

### Gilt Edge Gradus RP1 Stair Nosing Exterior Refurbishment for Fletcher Construction at The VXV Precinct, Auckland CBD.

**Problem:** GEIL Commercial Team assisted Grant Stacey of Fletcher Construction Building and Interiors, to revitalise the worn and unsightly Fanshawe and Halsey Street Main Access Stairs to the VXV Plaza. (Before refurbishment image.)

#### Solution:

- The robust Gradus RP1 Nosing, with extremely durable, slip-resistant inserts designed to withstand harsh exterior environments.
- RP1 Nosings are hard wearing and attractive stair edging profiles, comprising satin silver anodised aluminium profiles with slip resistant inserts.
- RP1 is a multipurpose profile with a rear ramp edge typically used to fix onto the original substrate (concrete, tile or timber).
- An ideal solution to this heavy duty high traffic area.
- Gradus Anti Slip exterior inserts are available in black and yellow.
- Photoluminescent Inserts are also available upon request.

#### The Result:

From old recessed nosing inserts to the new modern lines of Gradus RP1 anodised aluminium full edge protection. The resulting after refurbishment picture speaks for itself.

#### Project credits:

Project manager: Grant Stacey - Project leader Fletcher Building and Interiors  
Installation contractor: Trevor Dukes- Barrier Matting | step on it

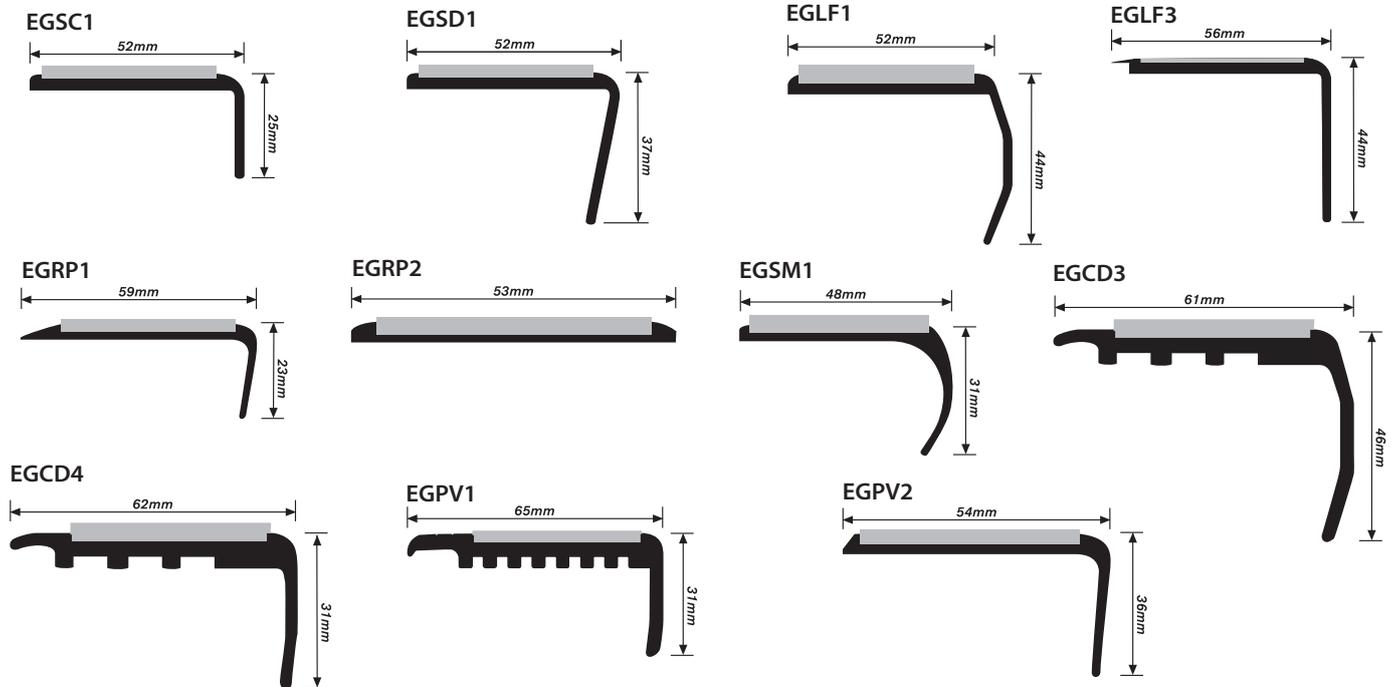

*Another Commercial project completed utilizing the Gilt Edge Commercial team for advice and application details.*

# INTRODUCING GILTGRIP ECOGLO STAIR NOSINGS

The benefits of Giltgrip Ecoglo ( photoluminescent) Stair Nosings are clear when compared to other alternatives. Giltgrip Ecoglo Stair Nosings are cost effective, sustainable, durable and failsafe.

- Utilise ambient light in most cases meaning little or no power usage
- No replacement parts ie no batteries or lamps, so no hazardous waste
- Extremely durable - warranted for 30 years indoors and 15 years outdoors
- Operate instantly each time the power fails

## Available Profiles

## Photoluminescent Step Edge Contrast

The Ecoglo PL Step Edge Contrast is designed to ensure visibility of steps in escape routes to meet NZBC Clause F6 "Visibility in Escape Routes". The Step Edge contrast will be effective in all light conditions including failure of the main lighting.

### PERFORMANCE

Independently tested in accordance with UL 1994 for 10 metre visibility to meet NZBC Clause F6.

#### Risk Group C Building

30 minutes visibility  
Minimum charging illuminance of 20 lux continuously during occupancy.

#### Risk Group B Building

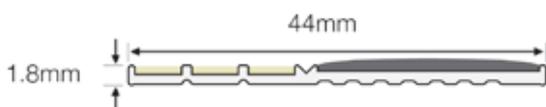

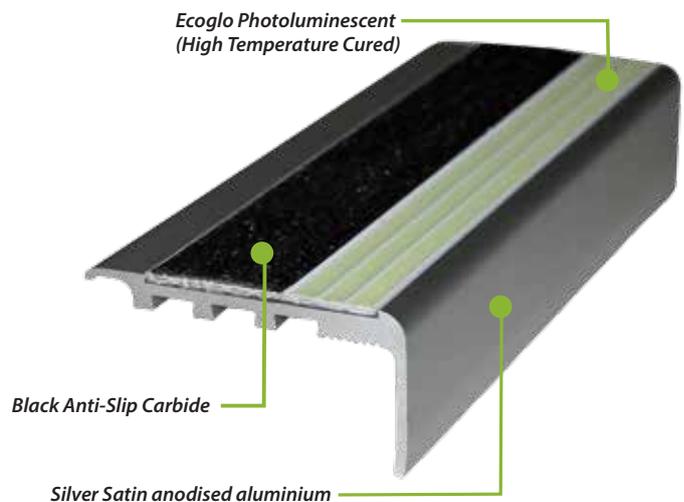

90 minutes visibility  
Minimum charging illuminance of 60 lux continuously during occupancy.

Outdoor or daylight installations will absorb enough natural light to be visible throughout the longest winter night.

The Step Edge Contrast is suitable for use indoors and outdoors. The anti-slip material provides all weather protection from slips and falls.

### COMPOSITION PL

Ecoglo Step Edge Contrast is manufactured from extruded 6060T5 aluminium section. Silicon Carbide anti-slip materials and custom made photoluminescent pigment are embedded in thermoset polyester carriers to integrally bond the active ingredients into the aluminium following curing at high temperature. The photoluminescent area is also recessed into protective channels.

Giltgrip®  SUSTAINED BY ecoglo®
