Reference Code: 6104S13mm Satin Silver
6104B13mm Matt Black
6104C13mm Champagne

Installation

The Timber Angle the most widely used trim to retro fit and as a generic problem solver where flooring is joining carpet, ceramic tiles (at the same height), window frames, sliding door tracks and walls. This trim should be adhered if possible, to the floorcoverings leading edge with Gilt Edge Double sided scrim tape.

Maintenance

A regular scheduled maintenance programme prevents build-up of dirt and grease, which will reduce properties of and detract from the overall appearance of the product. Brush down the profiles using a soft bristled brush.

With clean warm water, apply a small amount of a soap-less detergent to a wet green scotch pad and gently clean the surface of the profile along it's width with fresh, clean water and dry with a dry lint free cloth.
