- * Oil may take longer to cure, up to 4 days • Softwoods may require 3 coats of Magic Oil
- All tanalised timber (green) may need two coats of Allbase to lock out tannin bleeding.
- Any timber greasy, waxy or with unwanted tannin or colour bleeding issues use 1 or 2 coats of Allbase first
- When coating exotic timber please do a test area first if unsure!!!
- Pall-X 333 'Colour Seal' is an Oil Based colour timber seal system. Please seek technical assistance for information.
- Pall-X 333 'Colour Seal' is available in Standard colours only - Black, White, Brown, Red Brown, Grey.

Timber is a natural product and densities may vary. On existing timber floors there can be contamination from previous treatments or useage. This table has been with our best knowledge and experience. We strongly recommend testing of timber prior to the commencement of the project.

The above information is based on our experience and careful investigations. The variety of associated materials and different construction and working conditions cannot be individually checked or influenced by us. The quality of your work depends, therefore, on your own professional judgement and product usage. If in doubt, conduct a small test or obtain technical advice.

MIRKA

Floorsanding Rolls

Mirka coated abrasives are manufactured in Finland, using high quality European grains and resins.

Mirka Combi has a silicone carbide, open coat grain with a special reinforced Combi backing paper. Combi is suitable for long lasting machine sanding, especially sanding wooden and concrete floors. Backing makes Combi durable with excellent edge wear resistance. Available in coarse grits 16 and 24.

Mirka Jepuflex Plus is an aluminium oxide, close coated antistatic paper. Antistatic paper provides longer life by preventing premature clogging. Full resin bonding with aluminium oxide grain guarantees a very durable product. A genuine all round product with effective stock removal.

FLOORING SANDING ROLLS

SFR305016	MIRKA COMBI FLOORSANDING ROLL 305x25	16G	\$358.91
SFR305024	MIRKA COMBI FLOORSANDING ROLL 305x25	24G	\$264.10

SFR405180	MIRKA JEPUFLEX PLUS FLOORSANDING ROLL 405x50	180G	\$281.03

NOTE: Rolls 24 grit and coarse are 25mtrs in length.
Rolls 30 grit and finer are 50mtrs in length.

Floorsanding Belts

Klingspor CS416X is high quality European resin bonded Alumina Zirconia coated (Blue) belt. Zirconia is an extremely hard grain, offering high performance on hard floors. CS416X has a high Zirconia content compared to some products on the market, this ensures high removal rate and long life.

FLOORING SANDING BELTS ZIRCONIA (BLUE)
